Local Affairs.

THE WEATHER, for several weeks past, has been delightful. A change, however, took place on Wednesday last, with unmistakable indications that winter is fast approaching.

TEMPERANCE LECTURE.—We have been requested to announce that Rev. M. Rhodes will deliver a lecture on "Temperance," in the Lutheran church, in this place, to-morrow (Sunday) evening. The public are respectfully invited to attend.

THE PAMPHLET LAWS.—J. J. Reimensnyder, Prothonotary of this county, has received the Pamphlet Laws of the State of Pennsylvania, and Justices of the Peace and other wishing copies can obtain them by calling at his office.

SALE OF REAL ESTATE.—The heirs of Peter Snyder, deceased, sold the mansion farm, in Lower Augusta township, containing 200 acres, on the 16th inst. Messrs. George and Benjamin Fisher were the purchasers. The price paid was \$7,995.

FESTIVAL.—The Sunday School of the Presbyterian Church, of this place, intend having a dinner on the first Monday of November Court, in the lecture room of the church. A festival will also be held on Monday, Tuesday and Wednesday evenings of the same week.

BASE BALL AT SHAMOKIN.—A match game of base ball will be played by an independent nine, of Sunbury, and the first nine of the Anthracite Club, of Shamokin, at the latter place, to-day, (Saturday), commencing at 10 o'clock. The Sunbury boys are the challenging party. The game will, no doubt, be interesting and exciting.

DEFACING AND DESTROYING POSTERS.—There are some young men and boys, in this place, who are in the habit of defacing and tearing down handbills and posters, immediately after they are put up. This is very wrong, and the law should be enforced, attaching a heavy penalty for all offences of this kind. We hope our Borough Constable will keep a sharp lookout and arrest all who are caught in the act.

APPOINTMENT.—Gen. J. Ivin Greig, of Lawburg, has been appointed Colonel of the 5th U. S. Cavalry. The regiment is to be raised in California, and the General will repair to that State in a short time. The General was formerly commander of the Second Brigade, which was composed mainly of Pennsylvania troops, and whose courage, endurance and fortitude was displayed on the many hard-fought battle-fields of the Army of the Potomac, and was one of the commissioners appointed by Gen. Sheridan to investigate the cause of the riot in New Orleans.

THE BULLDOZER.—Napoleon, the present Emperor of the French, has generally been derided by the extension and improvement of the Boulevard, which are thronged with carriages and persons on horseback. The Boulevard of this place, though not completed, affords a beautiful drive as far as they go, but we are fearful they will not be very attractive in wet weather. It has been proposed to take off about one foot from the embankment on Front street, between Market and Second, and use the earth in extending it to the railroad.

A RUSH OF STEAM.—On Wednesday morning, about 9 o'clock, one of the locomotives, with a strong load of steam, while standing at the depot in this place, caused a general alarm and considerable alarm in the neighborhood by a sudden escape of steam, with a rushing and rattling roar that was heard in every house for three or four squares. It appears that the connecting rod with the steam valve broke, and the accumulated steam rushed out with a most terrific and powerful roar. The engineer having no power to prevent the escape of the steam, ran down the road to the shop, but there was no cessation to the roar until all the steam had passed out.

HORRIBLE ACCIDENT AT MILTON.—The Miltonian, of last week, publishes the following account of a most horrible accident at that place:—"On Thursday morning last, about three o'clock in the morning, John Fox, a young man of this borough, while riding in making up a freight train at the Catwisk depot, at that place, was run over by the cars and most terribly mangled. It appears that while in the act of signaling the train to back, and he was walking backwards in the rear of the train, his foot became fast between two rails, when he fell, and a portion of the train ran over him, stripping the flesh clean of the bones from the thigh down to his feet on both legs, in a manner too horrible to witness. He lived until evening, and was sensible to the last."

HOME AGAIN.—We are pleased to see that our young friend, Richard F. Bucher, son of Francis Bucher, Esq., of this place, has arrived home, after an absence of nearly three years. Dick enlisted and served in the 11th Pennsylvania Cavalry, and in one of the battles near Petersburg, Va., was taken prisoner, and confined in the horrible prison-camp of Langster and went of a number of months, but was finally released. He afterwards enlisted in a volunteer regiment in Illinois, which was recruited for the purpose of campaigning against the Indians along the western frontier, and participated in several engagements with the savages. He was warmly welcomed by his numerous friends in Sunbury.

THE COUNTY AGRICULTURAL FAIR.—This fair, which recently came off at Milton, was largely attended, and in that respect, at least, could not be considered a failure. The Miltonian, of last Friday, notices the programme of the Committee, for that day, as follows:—"Half past 10 o'clock, Fencing Match. Two o'clock, Trot for Citizens' Purse of \$100. Four o'clock, Running Match."

WE inquired of a friend who was present, what other agricultural, horticultural, or mechanical products were exhibited. He said he had not seen any himself, but that above mentioned, and he had been credibly informed that there were some specimens of potatoes, apples, pumpkins, and other vulgar products of the kind, somewhere on the ground, which he thought were entirely out of place at a horse race.

SORGHUM MOLASSES.—The manufacture of molasses from sorghum, or the sugar cane, now generally cultivated in the West, does not receive as much attention as it deserves. But the experiment made in the neighborhood, for several years past, has afforded encouragement. Mr. A. J. Stroh, of this place, who has put up a mill and bolting apparatus for the purpose of making sorghum molasses, furnished us with the following list of persons for whom he manufactured molasses from the cane, raised by them, amounting in all to 508 gallons. The 74 gallons of Mr. Horning were made from cane raised on a quarter of an acre of ground, and the 61 gallons of Mr. Stroh from about the same quantity of ground. Daniel Zisman, 41; James Kerr, 5; Geo. Fahold, 81; A. J. Stroh, 64; Joe S. Snyder, 70; Michael Shippe, 47; Henry F. Sheld, 32; Harman Campbell, 124; Wm. Horning, 74; Wm. Reed, 24; Geo. POOR Ned has gone where all good darlings go. The African who figured so conspicuously in the columns of the Northumberland County Democrat, is deceased. He is supposed to have died from natural causes, on the 15th inst. His friends kept him in state until Saturday evening last, for all taking a parting look at poor Ned. His remains were followed to his last resting place by a large concourse of people. The procession was headed by a drum corps, playing the Dead March, followed by a straggling band of friends, bearing the following inscription: (At top of portrait of Ned, a negro on a cooling board.) "We have Geary, and the Cops have the Nigger." "The Democratic Party, the Nigger at the Bottom, and the big stick at the top." "Purdy turned Upper Augusta in one year."

Torches were carried to remind them left behind him, that "the way of the transgressor is hard," and that more light is required for the colored race than the Democrat furnish, or they would share the same fate of poor Ned, and be forgotten by their most intimate friends, the Cops.

Ned is supposed to have emigrated from the South about the time the Rebellion broke out and settled in Purdy's office. When he arrived he was of diminutive size, but through excellent care he soon grew up to be a gigantic nigger. High hopes were entertained of his future usefulness to the Party, but alas! Poor Ned was cut down in the midst of his career, and now he is a dead nigger.

BOLD ATTEMPT AT BURGLARY IN WILLIAMSBURG.—The Lexington Gazette says that on Friday evening, 12th inst., a bold effort was made to rob the "Lumberman's National Bank," of that place. The attempt would doubtless have proved successful, had not the robber been driven from his nefarious work by Thomas Smith, Esq., whose residence is directly in the rear of the bank building. Mr. S. was about retiring to bed, when a noise in the neighborhood of the bank attracted his attention, and in looking out of his window he observed a man of small stature working industriously at the bank window. Mr. Smith, after inquiring of the stranger his business and receiving no response, concluded that his mission there at that late hour, (11 o'clock), was not an honest one, and after warning the man of his intention, fired at him from his revolver. At the report of the pistol the villain ran away, leaving behind a patent leather valve, together with a full and complete set of burglar's instruments, consisting of every article known to the profession, necessary to execute a villain's work. A fuse, intended, no doubt, to assist in blowing open the safe in the bank, was found in the kit of tools.

NEW FALL MILLINERY GOODS.—Miss M. J. Larusa, in Dewar's building, on the north side of the public square, is now opening a large and varied stock of Fall Millinery Goods. She selects her goods with a great deal of taste, and we can assure our readers that she sells on terms to suit her customers. Call and examine her goods.

BOARDING HOUSE.—Persons who intend visiting Sunbury during the season of Court, will do well to read the card of Mrs. M. Thompson, in another column. She is prepared to keep regular and transient boarders at reasonable terms, and as she is known to keep an excellent table, and has superior rooms, it will be advantageous to give her a call.

REMOVAL.—Our old friend, Geo. W. Ziegler, Esq., has removed his law office to the building adjoining the residence of Mr. Geo. Hill, nearly opposite the new Court House, where he may be found at all hours, ready and willing to administer to the wants of his clients.

THE NEW BREWERY.—We call attention to the advertisement of Mr. Joseph Bucher, who has recently erected a new Brewery, in Coker's addition, in the locality formerly known as the cold spring works. The Brewery has been completed at great expense, and when the vaults now in course of erection is finished, it will be one of the most complete establishments of the kind in this section of the State. He has lately engaged the services of a first-class brewer, and is now able to manufacture beer equal to that made at Reading, Lancaster, or Philadelphia. The enterprise exhibited by Mr. Bucher is commendable, and he deserves the patronage of the public. Give him a call.

READER, buy your shoes, your boots, or anything you want in that line, at Miller's Excelsior Boot & Shoe Store, Market square. You gain much by doing so; first, in price; second, in goods well made; third, in goods being what they are represented—Miller's reputation for honesty in his business is an axiom in this community.

FALL AND WINTER.—Mr. John E. Stueck has just received at his establishment, on Fourth street, a large stock of American and English Cloths, Cassimeres and Vestings, which he is prepared to make up to order on the shortest notice. This is decidedly one of the finest stocks of goods ever received by Mr. Stueck, and the public can rely upon getting Mr. Stueck at his establishment.

PHOTOGRAPHY.—We would call the attention of our citizens to the Photograph gallery recently fitted up by Mr. S. Byerly, in Simpson's building, Market street. Mr. B. is prepared to furnish Photographs and Ambrotypes, in all styles and sizes.—We would advise all who desire to have a good picture to pay Mr. Byerly a visit.

THE CHOLERA.—A timid gentleman meeting a doctor, in Sunbury, the other day, the following colloquy took place:—"Doctor, what shall I take for the cholera?"—"The cholera? Have you got the cholera?"—"No."—"Well, take the cholera first." We would much rather take a pair of those splendid Boots or Shoes which Harry Thacher has for sale at his store, in Market street, Sunbury. He has the largest stock ever offered for sale in Northumberland county.

THE LATE ELECTIONS.—It was thought and hoped that the election would quiet the politicians and give us some peace. But they are like old Boreas, who, not content with giving us the "equinoctial," has, as the brokers say, "resumed operations," and commenced blowing again for nothing, for all we can see. If any blowing is wanted just now, it is about the splendid Fall and Winter Suits selling at the Continental Clothing Bazaar, corner of Third and Market, Sunbury. We would further add that the Continental has just been supplied with the greatest stock of Fall and Winter Clothing that has ever been brought to this place.

PROTECTING the toes of children's Shoes from wear by Metal Tips, has proved a most important and useful invention. But until lately a great mistake has been made in applying them chiefly to the coarser grades of shoes. For the higher the cost of the shoe the more there is saved by protecting the toes from wear, which can only be done by a Metal-Tip. General Metal-Tip just then are now being made and worn by the best families in the city. Manufacturers who have not conferred a greater public favor than by supplying this great want—Boston Journal.

A MISTAKE IN A BARBER'S SHOP.—A laughable mistake occurred in a Hattinboro barber's shop, and two gentlemen hung up their coats and sat down to shave about the same time. One of them, for whom the operation was completed first, and who by mistake damned the other one's coat in the pocket which was a lot containing \$2,500. Of he walked, but a policeman soon overtook him, and when he was taken to the station, he was found to have lost his money. It is unnecessary to add that both of these valuable coats were manufactured at the celebrated tailoring establishment of Mr. Jacob G. Beck, Fourth street, Sunbury.

TO CLAIM AGENTS.—Blanks for the collection of "Claims of Private Soldiers and Non-Commissioned Officers," under the late Act of Congress, equalizing bounties, have been printed and are now for sale at the AMERICAN OFFICE. We keep on hand a full supply of all kinds of military blanks, which we sell very cheap. They are copied from blanks prepared in the Departments at Washington, and can be relied on for correctness. Orders from a distance will receive prompt attention.

SEE A WOMAN, in another column, picking Sunbury grapes for Speer's Wine. It is an admirable article, used in the hospitals and by the first class families in Paris, London and New York, in preference to the Port Wine. It is worth a trial, as it gives great satisfaction. For sale by W. A. Bennett, Market street.

ALLEN'S MAGIC CEMENT, for mending Glass, China, Earthen and Stone Ware, Marble, &c., for sale by Miss M. L. Larusa.

Job Printing.—Having received a large supply of NEW JOB TYPE, of various new styles, Posters, Handbills, Circulars, Cards, Letter Heads, Bill Heads, Labels, &c., can be printed in the latest and best styles, and on short notice.—Orders by mail promptly attended to.

Our druggists have obtained some direct from Mr. Speer. The price is low for so excellent a wine, and every family should have a bottle in the house.—Phila. Press—W. A. Bennett, Market street, has it.

Consumption Curable by Dr. Schenck's Medicines. TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which by these medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomach and liver, remove all morbid accumulations; and, by using the Sea Weed Tonic in conjunction, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutritious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and the lungs are made healthy and free from all morbid disease. If patients will take these medicines according to directions, Consumption very frequently yields its last stage, and the patient is enabled to take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not constipated they are not requiring for medicines. If medicines are necessary, the stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and slay any irritation. Then all that is required to perform a permanent cure is, to prevent relapse. Exercise about the house, as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and moderate in each meal.
